

C80 - B

ENTRANCE TO N.W. CADYS

FIELD EXIT

THIS MAP SHOWS THE EASIEST AND MOST DIRECT ROUTE INTO THE NW CADYS WITH RAILROAD CROSSING

Z - WELL USED ROAD NOT INCLUDED IN WEMO 2015, POSSIBLY TO ROUTE AROUND NINEMILE OR REPAIR WILDLIFE GUZZLER ?? (ALTHOUGH NINEMILE APPEARS DRY)

Y - RECENTLY WASHED OUT AND DIFFICULT TO FIND / CURRENTLY BEING "REROUTED" BY VEHICLES

X - VERY DIFFICULT POINT ON ROAD. MAY BE IMPASSABLE WITHOUT LOCKERS.

COULD BE REPAIRED

WILHELM WASH BEYOND 85413 IS NOT IDENTIFIED IN WEMO 2015. IT WOULD CURRENTLY BE THE BEST ROAD INTO THE NW CADYS.

Z, 85418 AND 85415 HAVE BEEN WASHED OUT AS DEEP RUTS. NEWS ROADS ARE LOCATED ALONG SIDE.

W - ACCESS ROAD ON NORTH SIDE OF RAILROAD IS WASHED OUT AS IT ENTERS THE WASH AT TUNNEL. DO NOT DRIVE TO FIELD SIDING BUT USE GRADED ROADS SHOWN.

AFTER TUNNEL, WHEN TRAVELING ALONG SOUTH SIDE OF R.R., STAY SOUTH OF FENCE
